

Love Where You Live

Apartment Care Tips

Do NOT use sticky tape or adhesive material on cabinets. Removal is very difficult and often damages the cabinet surface.

Always clean glass stovetop after use, any residue can burn and leave permanent marks

Do NOT put down garbage disposal:

- Egg Shells
- Rinds
- Coffee grounds
- Fats
- Vegetable peelings
- Rice

During Winter Conditions:

- Set to heat, minimum 65°
- Close windows
- If kitchen or bathroom is on an exterior wall, open cabinets under sink

For any issues, please submit a Maintenance Request immediately:
