

Using DOOR For Building Access

1) Download the DOOR app from the app store

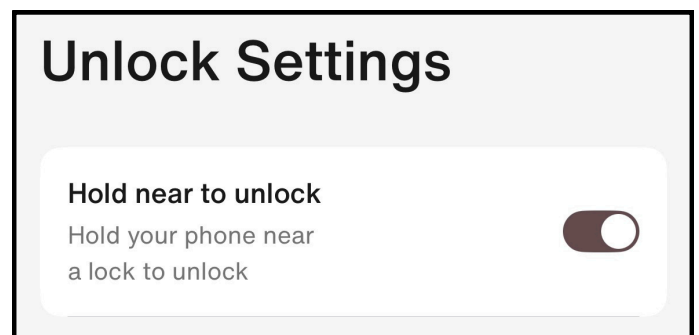

2) Select “Forgot your password” and enter your email to get a link to create your Account and set a new password.

Then, log in with your email and password. You will have all building and apartment doorcodes assigned to you in the “Access” tab.

3) Be sure to enable “Hold near to unlock” in the app Settings.

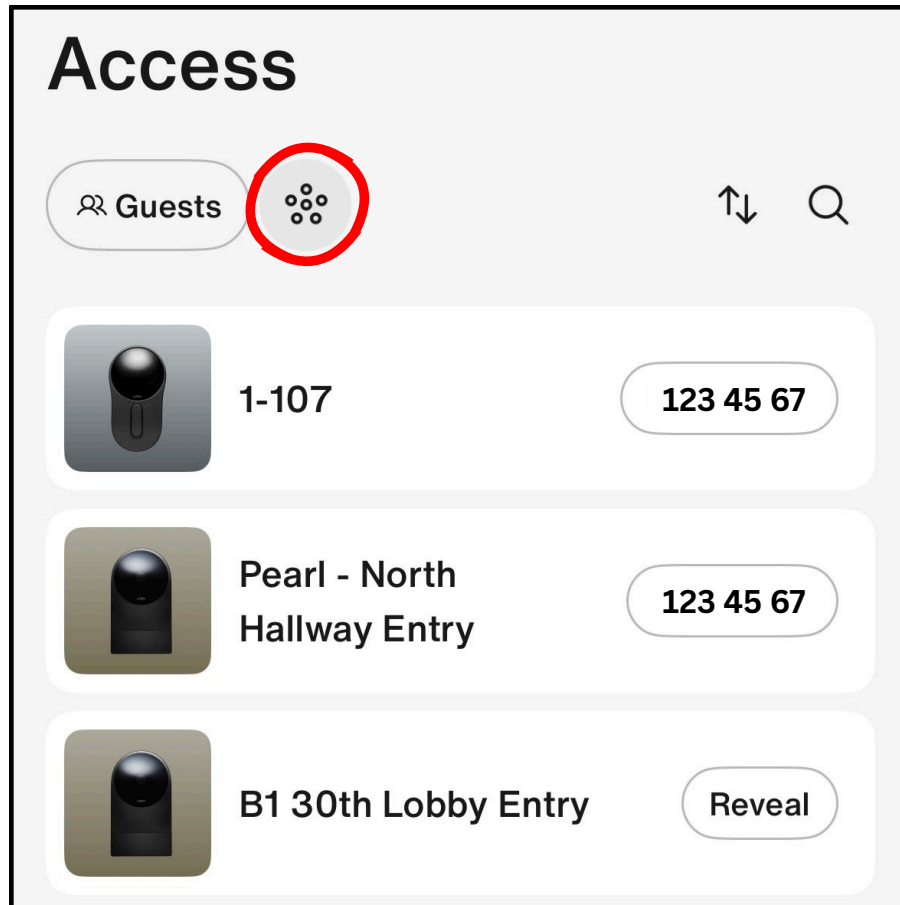

On Android phones, you may need to temporarily disable “NFC” in Connections on your personal device settings.

4) You’re good to go! You can now unlock all doors assigned to you by selecting “Unlock” within the app, or by tapping your phone to the center of a LATCH device.

DOORCODES

Don't Get Locked Out!

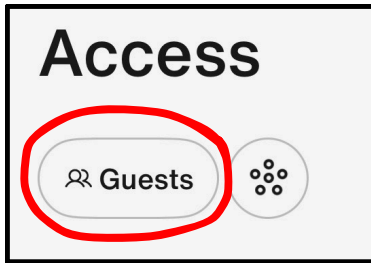

Open the DOOR app to the “Access” tab.

Select the circle with dots icon at the top to toggle from Unlocking doors to showing all of your doorcodes.

Tap “Reveal” for your unique 7-digit Apartment Doorcode, as well as your “Common” Doorcode for all other building access points.

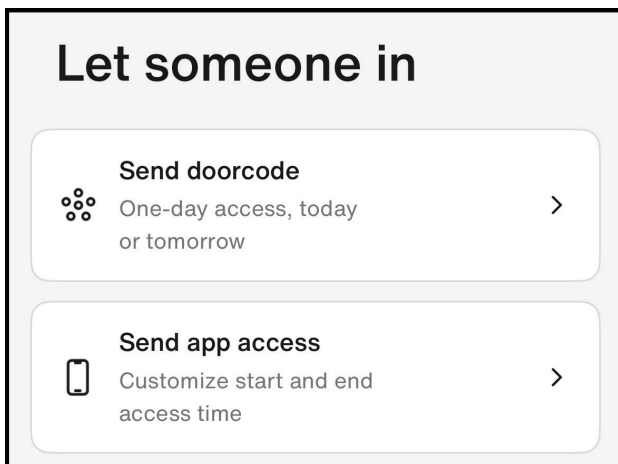

CONCIERGE
